

# 6th International Conference Avr 2024 Santa Maria Al Bagno Italy June 24 27

## Conference Overview

The 6th International Conference on AVR will be held in Santa Maria al Bagno, Italy, from June 24 to 27, 2024. The conference will bring together researchers and practitioners from all over the world to discuss the latest advances in AVR technology.

AVR microcontrollers are a popular choice for embedded systems applications due to their low cost, low power consumption, and high performance. AVR microcontrollers are used in a wide variety of applications, including automotive, industrial, medical, and consumer electronics.

The 6th International Conference on AVR will provide a forum for researchers and practitioners to share their latest findings and developments in AVR technology. The conference will feature a variety of technical sessions, workshops, and tutorials.

## **Conference Topics**

The 6th International Conference on AVR will cover a wide range of topics, including:

- AVR microcontroller architecture
- AVR microcontroller programming
- AVR microcontroller applications
- Embedded systems design
- Real-time systems
- Power electronics
- Analog and mixed-signal design
- Wireless communication
- Sensor networks
- Security and privacy

## **Conference Venue**

The 6th International Conference on AVR will be held at the Hotel Santa Maria al Bagno in Santa Maria al Bagno, Italy. The hotel is located on the beautiful Tyrrhenian Sea coast, and it offers a variety of amenities, including a private beach, a swimming pool, and a restaurant.

## **Conference Registration**

Registration for the 6th International Conference on AVR is now open. The early registration deadline is May 1, 2024. The regular registration deadline is June 1, 2024. The conference fee includes access to all technical sessions, workshops, and tutorials, as well as breakfast, lunch, and dinner.
