

# An Inside Account Of How Washington Abandoned Main Street While Rescuing Wall

In the aftermath of the 2008 financial crisis, the United States government bailed out the banks and other financial institutions that had caused the crisis. This bailout was widely criticized as being unfair to the American people, who had to bear the brunt of the economic downturn.

## Bailout: An Inside Account of How Washington Abandoned Main Street While Rescuing Wall Street

In this book, author Yves Smith provides an inside account of how the bailout was orchestrated. She argues that the government's decision to rescue Wall Street was based on a fundamental misunderstanding of the financial system. Smith also shows how the bailout has led to a number of long-term problems for the American economy.

An Inside Account Of How Washington Abandoned Main Street While Rescuing Wall is a must-read for anyone who wants to understand the causes and consequences of the financial crisis. Smith's incisive analysis and clear writing make this book an essential guide to the complex world of finance.

## Key Points

- The government's bailout of the banks was unfair to the American people.
- The government's decision to rescue Wall Street was based on a fundamental misunderstanding of the financial system.
- The bailout has led to a number of long-term problems for the American economy.
