When the body of a young woman is found floating in the icy waters of Lake Arrowhead, Detective Emily Carter is called to investigate. Emily is a seasoned detective, but this case is unlike anything she has ever encountered before.

The victim, Sarah Jones, was a beautiful and popular college student. She had no enemies, and her death seems senseless. As Emily delves deeper into the investigation, she uncovers a web of secrets and lies that隐藏 beneath the surface of the seemingly placid lake.

Sarah was involved in a secret relationship with a married professor, and she was pregnant with his child. When the professor's wife found out, she

threatened to expose their affair. Was Sarah's death an act of revenge?

Or was there something else going on? Emily soon discovers that Sarah was also involved in a dangerous game of online gambling. She owed a large sum of money to a ruthless loan shark, and she was desperate to pay it back.

As Emily gets closer to the truth, she becomes the target of a killer who will stop at nothing to silence her. Emily must race against time to solve the murder of Sarah Jones before she becomes the next victim.
