Lipovetsky begins his journey in Berlin, where the fall of the Wall in 1989 marked a watershed moment in global history. He then travels to Baghdad, the capital of Iraq, where the US-led invasion in 2003 unleashed a wave of violence and instability that continues to reverberate throughout the region. Along the way, he visits other key cities in the Middle East, including Cairo,

Damascus, and Jerusalem, each of which has played a pivotal role in shaping the region's history and culture.

Through his travels, Lipovetsky provides a rich and detailed account of the political, social, and cultural forces that have shaped the Middle East over the past three decades. He explores the rise of Islamist movements, the Arab Spring uprisings, and the ongoing conflict in Syria. He also examines the region's complex relationship with the West, from the legacy of colonialism to the ongoing war on terror.

Lipovetsky's writing is both erudite and accessible, and he has a keen eye for detail and a deep understanding of the region's history and culture. *From Berlin to Baghdad* is a must-read for anyone who wants to understand the complexities of the Middle East and its role in global affairs.
