In *Murder Begins at Home*, author [Author Name] takes a fresh look at the evidence and offers a new theory about what happened that fateful night.

Based on years of research, [Author Name] argues that the murders were committed by a close family member. He presents a wealth of evidence to support his theory, including:

- The fact that the victims were all killed in their beds, suggesting that they were attacked by someone they knew and trusted.

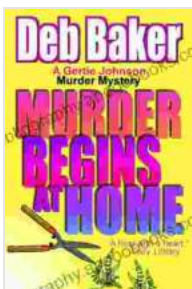

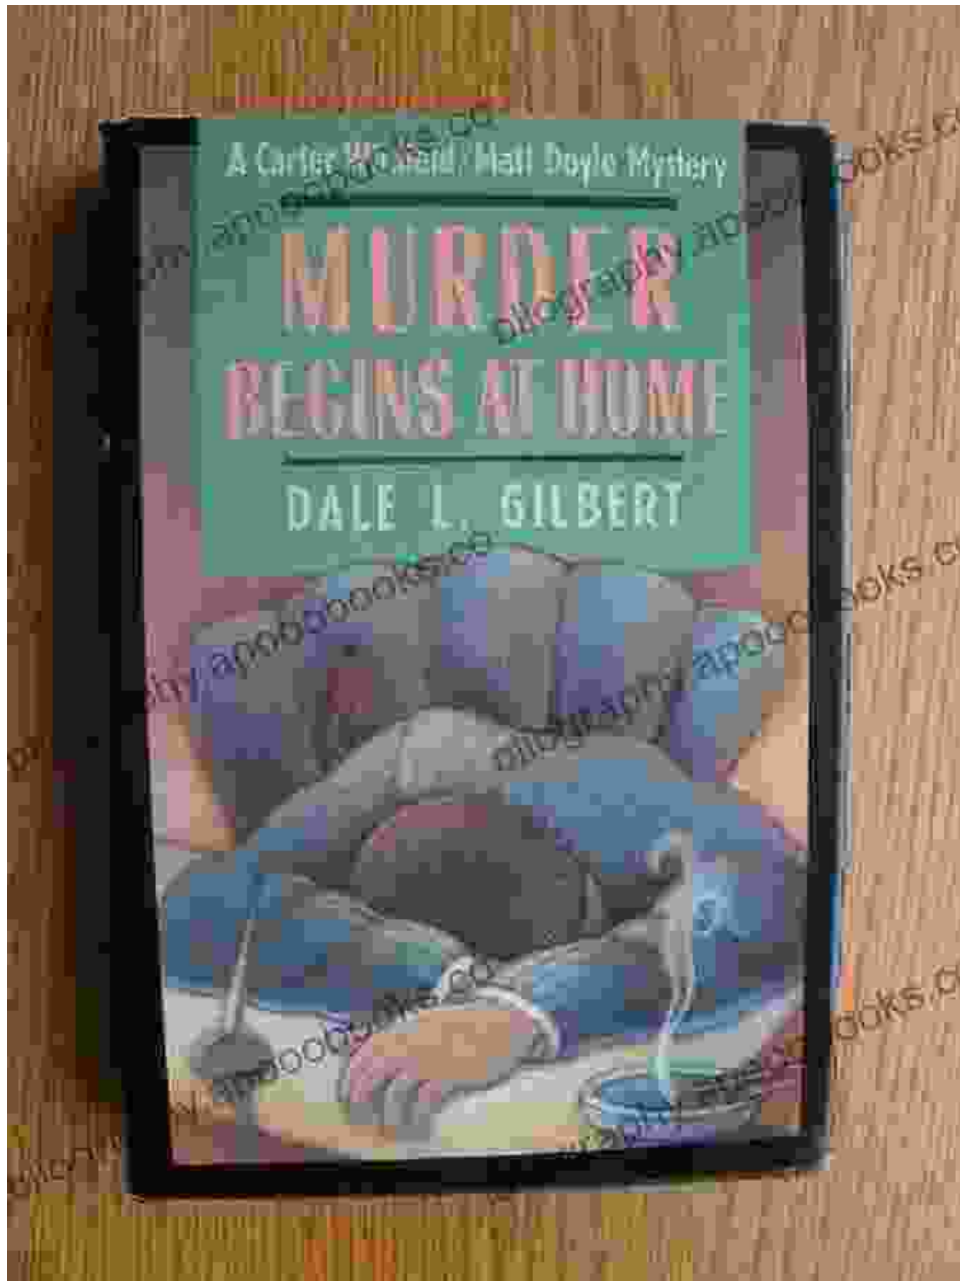

- The fact that there was no sign of forced entry, indicating that the killer was already inside the house.
- The fact that the murder weapon was never found, suggesting that the killer took it with them.

[Author Name] also explores the possible motives for the murders. He suggests that the killer may have been driven by jealousy, anger, or financial gain.

Murder Begins at Home is a gripping and suspenseful read that will keep you guessing until the very end. It is a must-read for anyone interested in true crime, unsolved mysteries, or American history.
