

# Notes From Pandemic: A Deep Dive into the Extraordinary Times We're Living In

The COVID-19 pandemic has been a transformative event in our lives. It has changed the way we work, the way we socialize, and the way we think about the world. In *Notes From Pandemic*, a group of talented writers, poets, and photographers come together to document this extraordinary time.

*Notes From Pandemic* is a collection of essays, poems, and photographs that capture the many different ways that the pandemic has impacted our lives. Some of the pieces in the book are about the challenges we've faced, such as the loss of loved ones, the economic hardship, and the social isolation. But there are also pieces about the hope and resilience that we've found during this difficult time.
