Author and photographer Brian Butko has spent years documenting these vanishing charms, capturing their architectural details, faded paint, and the patina of time. His stunning photographs transport readers to a world where time seems to have stood still, allowing them to experience the grandeur of these once-bustling hubs of transportation and commerce.

But "Of Train Depots, Filling Stations, and Other Vanishing Charms" is more than just a collection of beautiful images. It's also a captivating narrative that brings these landmarks to life. Butko weaves together historical anecdotes, personal stories, and evocative descriptions to create a rich tapestry that transports readers to another time and place.

Through the pages of this book, readers will encounter the bustling crowds that once thronged train depots, the aroma of gasoline that permeated filling stations, and the friendly faces that greeted travelers along the way. They'll learn about the architectural styles that defined these structures, from the Victorian Gothic of grand depots to the Art Deco flourishes of streamline Moderne filling stations.

Butko's writing is as evocative as his photography, capturing the essence of these vanishing charms and the nostalgia they evoke. He writes of the "faded grandeur" of train depots, the "timeless elegance" of filling stations, and the "sweet sorrow" that comes with witnessing the passing of an era.
