## **About the Book**

This book explores the dynamic transformations taking place in Asia's great cities, examining the social, cultural, and economic forces that are shaping their built environments and the ways in which people live in and experience these cities.

Through a series of case studies, the book examines how these transformations are affecting the everyday lives of urban residents, from the ways they work and play to the ways they interact with their neighbors and the environment. The book also explores the ways in which these

transformations are being represented in popular culture, from film and television to art and literature.

This book is an essential read for anyone interested in the future of Asia's great cities. It provides a unique and insightful look at the social, cultural, and economic forces that are shaping these cities and the ways in which people are adapting to and shaping these changes.
