David Craig is a brilliant young lawyer who has just joined the prestigious law firm of Patterson, James, and Allen. His first case is a doozy: a murder trial in which the defendant is accused of killing his wife. The evidence against the defendant is overwhelming, but David believes that his client is innocent. He sets out to prove his client's innocence, but he soon finds himself in over his head. The case is more complex than he ever imagined, and the stakes are higher than he ever thought possible.

As David digs deeper into the case, he discovers a web of lies and deceit. He learns that the victim was not who she seemed to be, and that the defendant has a dark past that he has been hiding. David must race against the clock to find the truth and save his client from a life in prison. But the closer he gets to the truth, the more dangerous his life becomes.

Tough Case is a gripping legal thriller that will keep you on the edge of your seat from beginning to end. David Craig is a complex and compelling character, and his struggle for justice is both inspiring and heartbreaking. The novel is full of twists and turns, and the ending will leave you guessing until the very last page.
