In the chilling new thriller 'We Know You Remember,' a group of friends are haunted by a dark secret from their past that threatens to destroy their present and future.

Five friends—Emily, Jake, Sarah, Michael, and David—have been inseparable since childhood. They share everything, from their deepest secrets to their wildest dreams. But one fateful night, a tragic accident tears

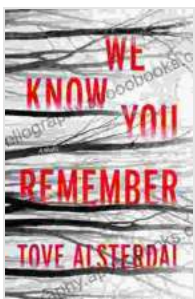

them apart. Emily, driving under the influence, accidentally kills a young boy. The friends agree to cover up the crime, but the guilt and fear consume them.

Years later, the friends are still haunted by the dark secret. Emily is plagued by nightmares and visions of the boy she killed. Jake is struggling with addiction. Sarah is unable to hold down a job or a relationship. Michael is withdrawn and isolated. And David is on the verge of a breakdown.

When a mysterious stranger arrives in town, the friends' lives are thrown into further turmoil. The stranger knows about the accident, and he threatens to expose their secret unless they pay him a large sum of money. The friends are terrified, but they know they can't let the stranger destroy their lives. They must find a way to stop him, but how?

'We Know You Remember' is a gripping thriller that will keep you on the edge of your seat from beginning to end. The characters are well-developed and relatable, and the story is both suspenseful and thought-provoking. This is a must-read for fans of thrillers, suspense, and mystery.
