## Engaging All Learners with Differentiated Instruction

This comprehensive book delves into the principles of differentiated instruction, providing educators with a roadmap for customizing instruction to meet the diverse needs of PreK learners. By understanding the varied learning styles, interests, and developmental levels of their students, educators can create individualized learning experiences that cater to each child's unique strengths and areas for growth.

# Differentiated Instruction

**What is Differentiated Instruction?**  
 Differentiation is an instructional process in which teachers proactively accommodate curriculum, instruction, learning activities, and student products to maximize each student's growth and individual success by meeting their learning needs.

**The Research**

Listening to audio books really helps me remember.

Working together in a group helped me understand.

I built a diorama to illustrate the story.

I like the online interactive tasks best.

Differentiated Instruction helps students follow their own paths to learning.

I prefer to just read the assignment quietly.

Giving an oral book report is easier for me.

The teacher coordinates time, space, materials, and activities.
